MOBILIZER
Fulvic Plant electrolyte
FOR HEALTHIER PLANTS

As nature intended

SOIL HEALTH · PLANT HEALTH · YOUR HEALTH

MOBILIZER™

**GUARANTEED
ANALYSIS**

Contains: Fulvic Acid

Mobilizer is a Fulvic acid product that assists in increasing the uptake and utilization of mineral nutrients in plants, as well as correcting mineral deficiencies. Used by many growers to improve crop production. For pronounced effects Mobilizer should be used in early season soil treatments and as a post emergence foliar spray. Mobilizer is also a powerful plant electrolyte so applied to plants and foliage at times of stress, heat, drought, pre-frost etc will be very beneficial.

BENEFITS

- Increasing overall health and mineral balance of plants
- Reduces the loss of minerals and trace elements
- Enables plants to withstand periods of wilting and extreme conditions
- Assists in transporting nutrients within plants.
- Foliar Application
1ml per 1 Litre water mix and spray to foliage.
Soil Application
2ml per 1 Litre water mix and apply to soil.

**STORAGE AND
DISPOSAL**

Store in a cool dry place, away from chemicals and dispose of ethically. Wear personal protective clothing, avoid contact to skin and eyes. In case of contact immediately flush skin and or eyes with water. Seek medical attention if irritation persists.

**Keep out of reach of
children.**
